Naturopathy Medical Supplies

Celebrating Historic Milestone

Canada's largest family-owned medical supplies and equipment distributor. Your partner since 1830.

6 distribution centres in Canada

35 Sales Representatives across the country to assist you

193 years of medical distribution experience

www.stevens.ca

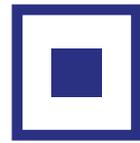

Family Business Since 1830

STEVENS

Inspired by the care you deliver

The Stevens Company has been a pillar in the Canadian healthcare community since 1874 and stands as one of the largest medical supply distributors in Canada today. Originally founded in 1830 in London, England, the company is still owned and operated by the Stevens family, now in their 6th generation. Over the decades, Stevens has continued to grow and today has six distribution centres across Canada in Toronto, Vancouver, Calgary, Winnipeg, Halifax, and most recently, Montréal. Stevens has an experienced staff, including 50 sales representatives and product specialists to serve our customers.

Stevens—Inspired by the care you deliver.

3M Littmann® Classic III™ Stethoscope

- High acoustic sensitivity when performing general physical assessment
- Tunable diaphragms on both the adult and pediatric sides of the chestpiece
- Single-piece diaphragm that's easy to attach and easy to clean because the surface is smooth and without crevices
- Open bell versatility allows the pediatric side to convert to a traditional open bell by replacing the single-piece diaphragm with a non-chill sleeve
- Next-generation tubing with improved resistance to skin oils and alcohol for longer tubing life. Less likely to pick up stains
- Chestpiece is precision-machined into an aesthetically pleasing, less angular shape. The stem features an open side indicator

3M™ Littmann® Cardiology IV™ Stethoscope, 27"

- Outstanding acoustics with better audibility of high-frequency sounds
- Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chestpiece
- Dual-lumen tubing: Two sound paths in one tube eliminates the rubbing noise of traditional double tubes

- #800-6152 black tube, standard chestpiece
- #800-6154 navy blue tube, standard chestpiece
- #800-6156 plum tube, standard chestpiece
- #800-6158 raspberry tube, standard chestpiece
- #800-6163 black tube, black chestpiece

MESI mTablet System

Completely New Concept of a Medical Device

The MESI mTABLET system helps clinicians provide their patients with the best medical assessment by combining diagnostic measurements, patient records and clinical support tools in one modular and user-friendly system.

All measurement reports and patient data are automatically stored in the patient record. The information can be reviewed on a computer, through the practice's information system or on the built-in MESI mRECORDS platform, providing secure access from any web-enabled device.

Performance and functionality can be enhanced with numerous extensions available in the medical marketplace — MESI mSTORE.

All in One System

Wireless and portable system provides boundless freedom in a modern healthcare facility. The modular system allows you to add diagnostic measurements with modules and apps according to your practice's needs. New ones can be added to the system whenever necessary.

Have boundless freedom with diagnostic modules to customize your mTablet System, including:

- ABI
- TBI
- ECG
- SPIRO
- BP
- SPO2

Along with a wide array of application extensions on the mTablet!
